

April 2013

Subject: General REACH (1907/2006) Statement

Dear valued customer,

Elementis Specialties can assure you that all our products on the European market are REACH compliant.

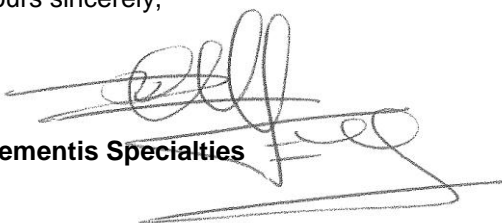

All substances found in our products have been pre-registered or are covered by ELINCS registrations. Additionally, several substances have been registered before the initial REACH deadline of 01 December 2010 and other substances will be handled at the appropriate deadlines in 2013 and 2018.

In cases where we are downstream user we have the confirmation of our suppliers that their substances are REACH compliant.

We do not provide the individual registration numbers, they are listed on the appropriate Material Safety Data Sheet (SDS) in accordance with the REACH regulations.

We are in the process of updating our SDSs and you can request a new SDSs through your Elementis contact or our Customer Service Department.

Yours sincerely,

Elementis Specialties
